19. Your Valuation / Survey Requirements

Assessment of the Security

Notes – Assessment of the security is how we will determine if the property is suitable security to secure the loan. There are a number of approaches we may utilise for this assessment, including:

Mortgage valuation, Automated Valuation Model, Desktop valuation – these are all simply for us to decide if the property is suitable to secure the loan and if it is worth the amount we are lending to you. It is important to understand that these are very limited valuations and will not potentially raise any hidden problems. For purchase applications, we will normally give you a copy of our assessment. This assessment does not cover everything about the property's condition. There could be faults that would only be found on a more detailed inspection. The valuer may notice something wrong but may decide not to put it in the report. This is because the report will only contain information which is important in deciding whether the value of the property will cover the amount we are lending you. Please do not think the property has no faults just because there are none in the report. If any faults are mentioned, these may not be the only ones in the property.

RICS Condition Report - this report focuses purely on the condition of the property. It will not include any advice on what needs to be done to repair any defects found or a surveyors assessment of the property's value - If you ask for a Condition report to be carried out an additional mortgage valuation will be necessary. There could be faults that would only be found on a more detailed inspection. Please do not think the property has no faults just because there are none in the report. If any faults are mentioned, these may not be the only ones in the property.

RICS Homebuyer Survey and Valuation – a Homebuyer Survey and Valuation is a survey on the condition of the property and covers all parts of the property which are easily accessible. The surveyor will be able to give you a general opinion of the property. It will detail any future problems that can be foreseen and will tell you if any areas need further investigation. If you ask your own surveyor to do a Homebuyer Survey and Valuation or detailed building survey, rather than arranging this through us, an additional mortgage valuation by a valuer approved by us may be necessary.

Detailed building survey – a detailed building survey covers the same points as the Homebuyer Survey and Valuation but in much more detail. If there are any problems or faults with the property the surveyor will explain what may have caused them and how to put them right.

Please indicate the type of valuation you require (house purchase only)

<input type="checkbox"/> VALUATION REPORT FOR MORTGAGE PURPOSES	The Society is required by law to obtain an independent mortgage valuation report. This is a limited report and is not a survey of the property. This report will provide basic details of the property for the Society which are sufficient to enable us to decide whether to make a loan on the particular property. You would not be able to rely on this report as it is addressed to us for Mortgage purposes. For your own interest we strongly recommend that you have a detailed survey carried out by a suitably qualified independent Surveyor.
<input type="checkbox"/> RICS CONDITION REPORT	This report is specifically designed for people who are seeking a professional opinion, at that point in time, on the condition of your potential purchase. The report is prepared independently for you and not for us as the lender, and as an 'entry level' survey report will provide you with a condition rating for various elements in the property and help identify possible problems, it WILL NOT provide a market valuation or estimated cost of any potential works required. The report will be subject to terms of engagement which must be agreed directly with the surveyor who will act independently on your behalf. The Society may be able to arrange this type of report for you in conjunction with the mortgage valuation report.
<input type="checkbox"/> RICS HOME BUYER SURVEY AND VALUATION REPORT	This report is specifically designed for people who are seeking a professional opinion at an economic price. It is completed on a standard format by a chartered surveyor and is aimed at helping the client make a reasoned and informed decision on whether to purchase the property, gives an opinion on what is a reasonable price to pay, takes account of repairs or replacements the property needs and outlines what further advice may be needed before proceeding. The report will be subject to terms of engagement which must be agreed directly with the surveyor who will act independently on your behalf. The Society may be able to arrange this type of report for you in conjunction with the mortgage valuation report.
<input type="checkbox"/> DETAILED BUILDING SURVEY (Formerly known as Structural Survey)	A detailed building survey covers the same points as the Homebuyer Survey and Valuation but in much more detail. If there are any problems or faults with the property the surveyor will explain what may have caused them and how to put them right. The Society will still require a mortgage valuation report for mortgage purposes.

Charitable Assignment

The Loughborough Building Society is a local building society catering particularly for the needs of members and potential members in its operating area. We are determined to continue to bring the benefits of such membership to increasing numbers of people. We aim to achieve this objective by offering competitive rates on savings, investment and mortgage products, together with high standards of service.

The Society has found that such service to existing members has at times been severely disrupted by the actions of speculators. To avoid continued disruption from speculators the Society would require new members to agree to assign to charity any future windfall benefits they receive, in the unlikely event of a transfer of the Society's business to a bank or other company.

Existing shareholding members as at 31 January 2000 who continuously maintain a shareholding account are not affected by this change, i.e. they may open new accounts without being required to assign any benefits to charity.

We have chosen the well-known Charities Aid Foundation as the charity to benefit from any potential windfall.

There are certain categories of member who will be exempt from assigning any future windfall rights. A list of these categories is available from the Society.

The above is only a summary of the charitable assignment arrangements, the complete terms of which are set out below. If you need any further information please ask at any of our branches.

AGREEMENT TO ASSIGN WINDFALLS TO CHARITY

1. Paragraphs 2 to 6, below, will apply to me unless I am an exempt customer at the time when the account is opened.
2. I agree with the Society that, if the right to any windfall benefits is granted to me after the account is opened, I will assign those windfall benefits to the selected charity.
3. I authorise the Society and the successor to pass any windfall benefits direct to the selected charity (or to any other charity which the selected charity may nominate to receive those benefits), without notice to me.
4. I understand that:
 - the Society has promised to transfer to the selected charity the benefit of the agreement, which I have given under paragraph 2, above;
 - neither the Society nor the selected charity will release me from that agreement; and
 - any power of the Society to change the terms of its contract with me will not apply to any of the terms set out in this section of the application form.
5. I authorise the Society to give the selected charity any information about me or any account, which I have with the Society (now or in the future) - but only if the selected charity reasonably needs it regarding the agreement I have given under paragraph 2, above.
6. I understand that the Society will require anyone who opens an account (who is not then an exempt customer) to agree to assign to charity the right to any windfall benefits to which that person may become entitled. The terms of the agreement will be decided by the Society and may be different from the current terms. This paragraph will no longer apply if the Society publishes a termination notice.

Notes

These notes apply to paragraphs 1 to 6, above:

- (a) The "account" is the mortgage account, which you are applying for by completing this form.
- (b) The "current terms" means terms, which are the same as, or similar to, the terms set out in paragraphs 2 to 5, above.
- (c) You are an "exempt customer" when you open the account if:
 - you have held shares in the Society on, and at all times since, 31 January 2000; or
 - you belong to one of the groups of other people who, in the Society's opinion, do not need to be asked to agree to the current terms. A list of these groups is available from the Society at any time. The Society may alter the number and composition of the groups from time to time, but no alteration will apply retrospectively.
- (d) A "fixed-term scheme notice" means a notice in the press publicising a decision by the Society that, though it will require new shareholding members to enter into agreements as described in paragraph 6 above, the member's agreement will only require him or her to assign any windfall benefits to charity if an event relating to a transfer of the Society's business to a successor occurs during a fixed term specified in the agreement.
- (e) A person "opens" an account either by opening a new account or by having an existing account transferred into his or her name (whether as sole or joint holder).
- (f) A "public announcement" is a public announcement by the Society of a proposal to transfer its business to a successor.
- (g) The "selected charity" means the Charities Aid Foundation or, if it is at any time no longer a registered charity, any other charity or charities selected by it to receive assignments of windfall benefits.
- (h) The "successor" is any company or other corporate body to which the Society transfers its business under Section 97 of the Building Societies Act 1986 (or under any provision which amends or replaces it).
- (i) A "termination notice" means a notice in the press publicising a decision by the Society that it will no longer require new borrowing members to enter into agreements as described in paragraph 6, above.
- (j) A "windfall benefit" is a benefit which a person has the right to receive as a borrowing member of the Society, under the terms of any future transfer of the Society's business to a successor (i.e. on a conversion or take-over), other than:
 - the replacement of a mortgage account with the Society with a mortgage with the successor; or
 - any benefit conferred under the terms of a transfer which is the subject of a public announcement made more than five years after the Society has published a termination notice or a fixed-term scheme notice; or
